

# Welcome Packet

Dear Friends,

We are honored that you are considering Crossing Thresholds (CT) for your travel adventure to Kenya. We are less of a business and more of a passionate commitment. Our goals for every volunteer are straightforward – exposure to another part of the world, dynamic cultural exchange and learning, and the opportunity to give your time and talents where they are needed.

At CT, our mission is to reclaim the original meaning of philanthropy – *a love for humanity that breeds familiarity, loyalty and generosity*. Wherever we live, whatever our ethnic or religious identity, and irrespective of our material resources, **we are all philanthropists**. We were born to locate ourselves in the give-and-take of life's unfolding; and we were born to try and create a safer and better world for future generations.

Our trips to Kenya are only 8-9 days, yet you will be amazed at how much you can see, how much you will learn, and how much you can accomplish in a short period of time. The schedule includes 3-4 days working in the Kibera Slum, and 2-3 days on a safari at one of Kenya's national parks. The experience in Kibera can be quite emotional, chaotic, and intense. It is not easy to make sense of the poverty, the squalor, and the frenzy of slum life. At the same time, you will be touched by the courage, resilience, and hope of children and adults alike who are working hard to improve their life circumstances.

At the end of each day, we will return to a clean and comfortable hotel where you will find electricity, running water, and mosquito netting. You can expect healthy and good meals. However, each volunteer should be reminded that we are traveling in Africa; there may be power outages, and hot water is never guaranteed. If these types of inconveniences are problematic, this trip may not be ideal for you.

Our pledge is to facilitate an unforgettable experience that will open your heart, challenge your thinking, and perhaps unleash your passion for philanthropy.

To help guide you in making an informed decision about joining a CT trip, please see the enclosed documents regarding costs and sample itinerary.

With anticipation,

Carter Via  
*Executive Director*

## Trip Cost & Breakdown

Our trip fees cover most of your expenses on the ground in Kenya including room, board, and ground transportation. **We do not cover the cost of flights.** If you need assistance choosing your flights, do not hesitate to get in touch with us!

- *Adult rate \$2,200.00*
- *Student/Family rate: \$2,000.00*

If the above rates might prohibit you from traveling with Crossing Thresholds, PLEASE get in touch with us by email or phone to discuss possible scholarship funds and/or fundraising ideas (aly.luiso@crossingthresholds.org or 914-815-8620). It is our commitment as an organization to make this experience accessible to as many people as possible.

## Packing List

Our first suggestion is to travel lightly—you will be responsible for your own luggage throughout the trip and will probably want space to bring home gifts and other items from Kenya. Canvas or nylon duffel bags are recommended rather than hard luggage. And, you are advised to pack 1-2 days worth of essentials in your carry-on luggage in case your bags are delayed. As most airlines allow for two suitcases, it is our hope that you may be so willing to carry a second bag on behalf of Crossing Thresholds that is filled with donations.

Of critical importance are your **passport, visa, plane ticket, medications, and spending money**. Depending on your shopping habits – you should bring \$200 – 300 (or plan to take out cash at ATMs). 1 US Dollar is 100 Kenyan Shillings. Meals, transportation, and hotel costs are covered by the trip fee. Alcoholic beverages, drinks outside of meal times, laundry, and extra hotel nights will incur additional charges.

For your general information, the weather is a comfortable 60-70°F. Though Kenya lies astride the equator, the higher altitudes create cooler temperatures – especially at night when a sweater or light jacket might be necessary.

## Trip Information

### More about Kibera

The Kibera slum is home to roughly one million people. This unauthorized settlement on the outskirts of Nairobi, Kenya is the densest slum in Africa, and the second largest slum in the world. Since the Kenyan Government does not recognize the residents' right to live there, they do not provide local infrastructure. There is no sewage system, few schools, and even fewer medical facilities. CT has been bringing volunteers to work in Kibera since 2008, and leading work trips to assist our school-building projects on the ground.

### Facing the Future School (FAFU)

In January 2011, CT established a partnership with **Simeon Ajigo**. Simeon's vision was to create a safe environment in Kibera for the children of single mothers. Simeon's vision quickly grew to include a preschool, primary school, health clinic, and community outreach program for at-risk teenagers in the slum. FAFU serves 300 children and provides each student with two meals per day. To further enrich the learning environment, CT helped launch a dynamic music program, a variety of sports programs, and much needed medical and therapeutic services.

### Mobjap Primary School

Our most recent school-building project began in January 2016 with community leader, **Asanya Bernard**. Prior to this date, Asanya was feeding and educating more than 250 kids in unimaginable conditions. But his will and determination were unflappable. Following the purchase of a piece of land in 2015, CT initiated construction on the first building of the Mobjap (Garden of Hope) Primary School. On our trip, we will be on site at Mobjap doing construction and interacting with the kids.

### Thresholds High School, Nyeri District, Kenya

With less than 10% of Kibera's graduating eighth graders able to pursue high school education, CT saw the construction of this high school as imperative. The school campus was built approximately two hours north of Nairobi in the Nyeri district of Kenya, with a boarding facility to give students the chance to learn and grow outside the Kibera Slum. On this trip, you will have the opportunity to visit the school and hopefully meet our partner, **Lawrence Kabuthi**.

### Working with CT

No experience is necessary to join a CT work trip. Our program usually contains an element of construction, but we also encourage volunteers to utilize their personal skills and share them with the children and staff at our partner schools. Past volunteers have provided medical check-ups, started music programs, trained FAFU staff members in trauma counseling, led exercise, drama, and/or art classes, and provided career counseling for the *FAFU Youth Group* members. If you have any ideas about an activity you would like to plan, please contact us and we can help you prepare before the trip.
